

CORONA VIRUS

With the current situation with COVID-19, we are adjusting our working practices. We are entering uncharted waters, and we personally think that a belt and braces approach is the best one.

We want to try to keep our clients and our staff as safe as possible whilst still being able to maintain a high level of professional care to the Island community.

To be able to do this, we will need to try to minimise the number of people in the funeral home at any one time and the amount of time that you may need to spend with us.

We respectfully ask that If you are ill, self-isolating, have recently travelled or are directly in contact with a possibly infected person and need our assistance, PLEASE DO NOT come in.

Please CALL us on 864498 and we will be able to help you.

We are able to make all necessary funeral arrangements over the telephone or via a Skype link.

If you do need to meet with us in person; **Please** on entering and leaving the premises sanitise your hands with the hand gel provided. We will be doing the same.

Our aim at the present time is to create a safe working environment and to continue to support you in such difficult times. If you have any queries do give us a call or email paul@paulwalshfunerals.co.uk and we will get back to you.

We thank you in anticipation for your patience and understanding and hope that you all stay well and safe in the coming weeks and months.
